

Accessing Your Library Account

<http://www.youseemore.com/denverseminary/>

The image shows a screenshot of the library's login page. The title is 'Log In to your Account'. There are two main sections: 'Use your Library Card / ID' and 'Use your EZ Login'. The first section has input fields for 'Library ID' and 'PIN'. The second section has input fields for 'Username' and 'Password'. Below the 'Use your EZ Login' section is a link that says 'Forgot your Password?'. At the bottom center is a blue 'Log In' button.

Your library ID is the entire barcode on the back of your student ID and your PIN, (if you opened your account prior to 2011, the PIN is probably your phone number without the area code and without the dash. If you opened your account in 2011 or later, you probably chose your own PIN) If you have problems accessing your account, please contact us and we will reset your PIN. Call us at 303-762-6962 or [email](mailto:library@denverseminary.edu) us (library@denverseminary.edu)

It is simple to set up an EZ Logon after you access your account — and we highly recommend this. Once logged into your account, among several available options, you can check the status of any items you have out, and renew them (if they are not on hold for another patron or have been renewed previously.)
