

LS2 Mobile Installation Instructions & Features

Introduction

Welcome to LS2 Mobile. The following instructions will help you connect your mobile device with our library. Once connected LS2 Mobile will provide access to our PAC (Public Access Catalog) where you can search for a title, place a request/hold, renew an item, or check your account status on loans, requests/holds and fines. And best of all, it's free! With just a few clicks you can have your library in your back pocket.

Getting Started – Android Instructions (iPhone/iPod instructions follow in the next section)

To load the LS2 Mobile App onto your Android device:

1. Click the 'Market' icon to access the **Android App Market** and then click **apps** in the navigation area.
2. Click the Search icon in the upper-right corner.
3. Type **LS2 Mobile** and then select **LS2 Mobile Library**.*
4. Click Install.
5. Once **LS2 Mobile Library** has been downloaded to your phone, a message will appear in the header of the Android App Market advising the download is complete.
6. To find **LS2 Mobile Library**, click the *Applications* icon and page through your applications until you see the **My Library** application with the **LS2** icon.
7. Click the **LS2** icon to start the application and follow the steps to select your library. Accessing the application for the first time you will need to select our library's name (Denver Seminary). A check mark will display next to the selected library name – Denver Seminary. Verify this is correct. Click Done, then Save. Be aware this process can take several minutes to load.

The Search page displays. Start searching!

* Currently, **LS2 Mobile** supports Android devices running Android OS versions 2.2 and 2.3. If you are not running one of these versions, you may not see **LS2 Mobile Library** in your search results.

Getting Started – iPhone/iPod Touch Instructions

To load the LS2 Mobile App onto your iPhone or iPod Touch, use the following URL: <http://itunes.apple.com/app/ls2-mobile-library/id399775523?mt=8> . Click **View In iTunes**, and then click **Free**. You can also access the AppStore on your mobile device and search for **LS2 Mobile**.

1. From the results list click **LS2 Mobile**.
2. The **LS2 Mobile** icon displays with a description page. Click Free.
3. The *Free* button changes to *Install*. Click Install. At this point follow the Apple instructions.
4. You will be asked to provide your iTunes password. Installation takes about 30 seconds. When the installation is complete, the **LS2 Mobile** icon will be visible on the Home screen. Accessing the application for the first time you will need to select our library's name (Denver Seminary.) A check mark will display next to the selected library name.

Verify this is correct. Click Done, then Save. Be aware this process can take several minutes to load.

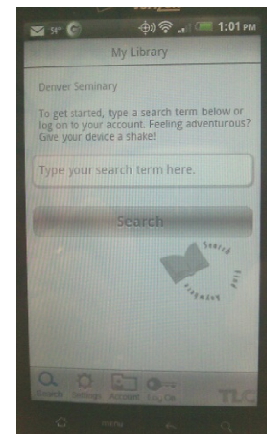

The Search page displays. Start searching!

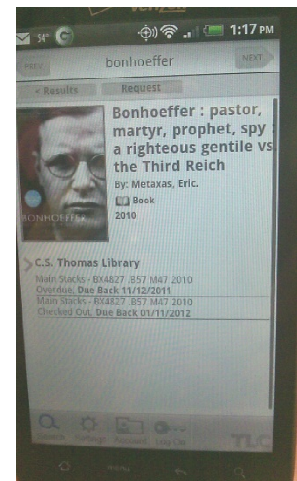

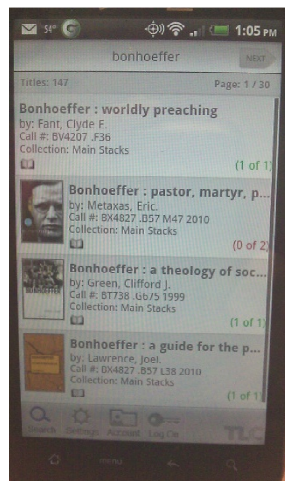

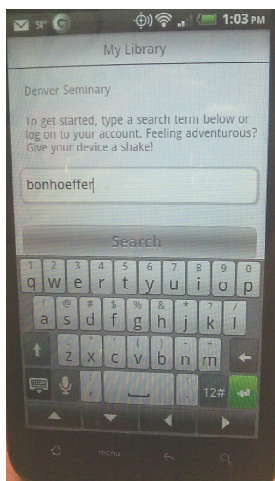

When your installation is complete, the LS2 Mobile icon will be visible on the Home screen of your device. When accessing the application for the first time, if you haven't already done so, you will need to select **Denver Seminary** from the drop-down list of libraries. A check mark will display next to the selected library name. Verify that you have selected Denver Seminary. Click Done, then Save.

LS2 Mobile Features

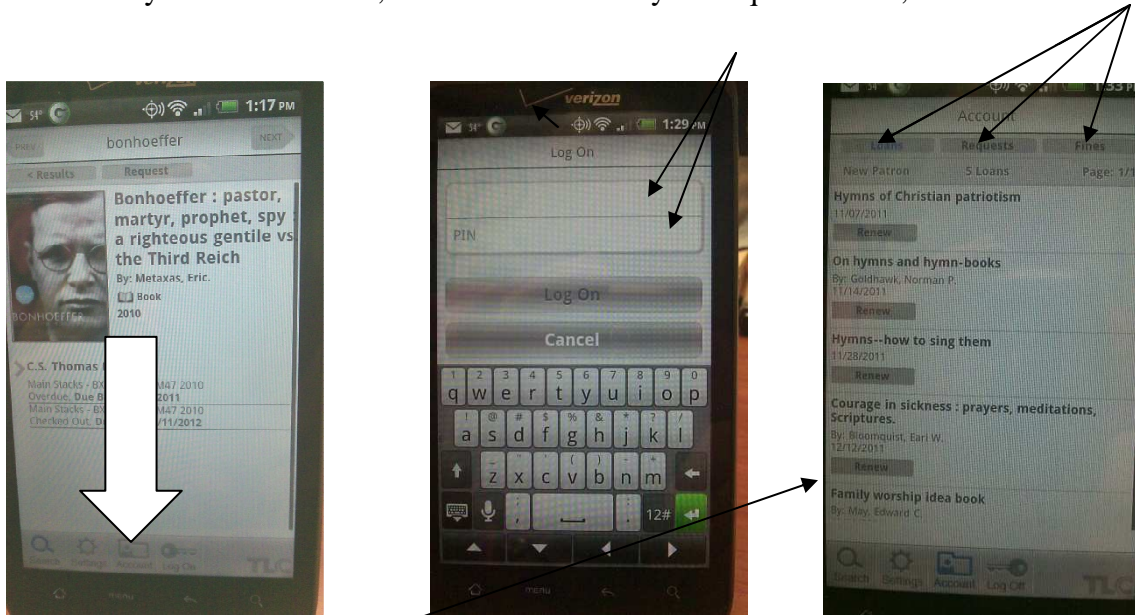

Once **LS2 Mobile** is installed you will have access to the following features:

- **Title search** – Type the title or author in the search box. Click Search. The results list is returned with related titles. Click on a title to view the title details page.

- Access your account – Click the Account icon at the bottom of your device. Type your Library ID and PIN. Your ID will be retained after the first inquiry. Under Account you can access your current loans, review the status of your requests/holds, or view fines.

- **Renew an item** – Click Account and once logged on, click Loans. Find the title you want to renew and click the Renew button. You are allowed to renew an item once, if there are no current holds on it.
- **Place a request/hold** – After locating the item in a search, click the title and then click the Request/Hold button on the title details to save the item. (You may only place holds on items that are currently checked out.) If not already logged on, you will be asked for your library account information. You can check the status of the item in your account information under Request/Hold.
- **Feeling adventurous?** Give your device a shake! A title will be randomly selected for you from your library's suggested title list.
